

## IRC §7216 Tax Return Information Disclosure and Consent

Dear La Casa de Las Puertas Inc,

To assist with your IRS tax resolution or tax preparation case, we use a secure web-based program called PitBullTax Software, operated by Negotiation Technologies, LLC, a U.S.-based company. This software helps us work faster, more accurately, and more efficiently when analyzing your case, running calculations, and preparing IRS forms.

Under federal law (IRC §7216), I must obtain your written consent before disclosing any tax return information to a third party like PitBullTax Software — even if it's solely to perform the services you've engaged me for. You are not required to sign this form, and your services will not be denied if you choose not to. However, I won't be able to use this software without your consent.

Consent Duration: two year(s).

I, La Casa de Las Puertas Inc authorize Janet Fandre to disclose

my tax return information (e.g., Forms 1040, 1120, 1065, 941, 940, 1041, 990 and related schedules) to Negotiation Technologies, LLC (d/b/a PitBullTax Software) for the sole purpose of assembling data, performing diagnostics, and preparing necessary IRS forms for my case.
